

- 0.02%, 0.05% FS Accuracy
- Intrinsically Safe
- **Field Switchable Pressure Module**
- Dual Digital Pressure Module Inputs
- Color Touchscreen Display
- Built-in Quick Test Task Feature
- **Built-in Barometer**
- Intuitive Smartphone Like Interface
- Bluetooth and USB Communication
- Optional HART Communication
- Communicates with Additel's Link Mobile App

OVERVIEW

Metrology Made Simple

Additel 273Ex with ADT158Ex module

Additel's 273Ex is an Intrinsically safe handheld multifunctional pressure calibrator with a color touchscreen, smartphone like interface, built-in quick test tasks and optional HART communications capability. This innovative Additel product drastically improves explosion-proof field testing and calibration. The Additel 273Ex has a built-in atmospheric pressure sensor, so that absolute pressure and the gauge pressure are easily facilitated. With three pressure module inputs, one switchable at the bottom and two digital inputs on the side, the user can configure the setup accordingly and easily meet the needs of pressure calibration and testing in virtually any environment.

Intrinsically Safe:

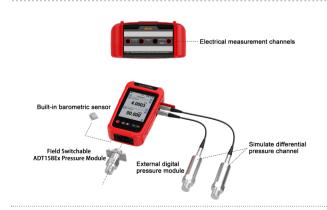

ADT273Ex has passed the most stringent ATEX, IECEX, CSA, and UKCA intrinsic safety certifications from authoritative organizations. The explosion-proof level is Ex ia IIC T4 Ga. It can be widely used in potentially explosive gas environments, such as oil and gas platforms, refineries, chemical and petrochemical plants, pharmaceutical industry, energy and gas processing industry. Each intrinsically safe calibrator has an advance transflective color LCD display which has enhanced visibility when viewed in direct sunlight. No matter where your work takes you, these calibrators are up to the task.

A Modern User Experience:

Additel has gone above and beyond to provide our customers with the best possible experience when using this new and revolutionary calibrator. The color touchscreen display provides a refreshing and intuitive experience compared to other calibrators on the market. With an easy to navigate menu structure and fast touchscreen response, you will find the ADT273Ex calibrator simple yet powerful to use. The easy-to-read display isn't just fun to use, but it's built rugged to handle the demands of a busy technician in the field or the laboratory.

Optional HART Communication:

With support for HART communication protocols, the ADT273Ex Handheld Pressure Calibrator provides a pressure calibration solution for transmitters over a wide pressure range. The ADT273 is a highly portable device and can measure pressure precisely with a field switchable pressure sensor, as well as read the current or mV produced by a transducer. It can even supply an excitation voltage (loop power) to power sensors or transmitters during calibration.

FUNCTIONAL FEATURES

Metrology Made Simple

	· · · · · · · · · · · · · · · · · ·
Functional Features	Details
Scaling	User can convert measured current, voltage and frequency values into pressure, temperature and flow values. Three conversion functions available: linearity, square and square root
Filtering	Average sliding filter (sampling number: 1 ~ 50) First-order linear filter (First-order coefficient: 0.01 ~ 1)
Switch	The measurement value will be automatically displayed at the moment the switch change of state. The latest 8 state changes will be stored in the memory.
Pressure Tare	Tare value is set through the user interface
Pressure stability indicator	Stability time and criteria is selectable
Power management	Backlight auto off Auto power off

Specifications

Top: 1 electrical signal measurement channel, 44mm banana jacks	Specifications				
Right side: 2 channels for external digital pressure modules, 5-core dedicated aviation plug Bottom: embedded digital pressure module (model ADT158Ex), field switchable. Internal: 1 embedded atmospheric pressure sensor ±55 Pa	General Specifications				
Barometric Accuracy #55 Pa mV, V, mA & frequency: 3 times/sec selectable (3 as default) Barometric 1 time/sec #400mAh, 14.4Wh explosion-proof intelligent lithium battery, charging time = 6-8 hours, battery can be charged independently Typical working time 100 hours (measurement mode) Guaranteed temperature range of technical specifications: (-10 - 50)°C *Temperature coefficient: \$5 pom FSPC (20 to -10)°C *Operating temperature: (-20 - 50)°C *Operating temperature: (-20 - 50)°C *Operating temperature: (-20 - 70)°C *Operating temperature	Input Channels	Top: 1 electrical signal measurement channel, φ4mm banana jacks

PRESSURE TECHNICAL SPECIFICATIONS

Specifications		
Pressure resolution	4, 5, or 6 digit resolution (user selectable)	
Temperature Compensation	-10°C~50 °C	
Pressure Module Type	Built-in digital pressure module: ADT158Ex, for more detailed information, please see ADT 158Ex datasheet. External digital pressure module: ADT161Ex, for more detailed information, please see ADT 161Ex datasheet.	
Specifications	Refer to the technical specification of the ADT158Ex and ADT161Ex	
High Static Pressure and Differential Pressure Synthesis Index	Two modules must be with the same range; Typical Differential pressure accuracy of 0.002%FS or 0.02%RD, whichever is greater when using two 0.02%FS external modules. Typical Differential pressure accuracy of 0.002%FS or 0.05%RD, whichever is greater when using two 0.05%FS external modules.	

Note: For more explanation, please reference application note "Achieving High Accuracy for High Static Differential Pressure Measurements"

ORDERING INFORMATION

Model Number

HART Communication (Optional)

Note: The ADT273Ex can be purchased without the ADT158Ex module if needed using the following part numbers.

ADT273EX-NO

ADT273EX-NO-HART (includes HART Communication)

Accessories (included)				
Model number	Description QTY			
9811Ex-X	110V/220V external power adapter	1 pc		
9704Ex	Chargeable Li-ion battery	1pc		
9025	Test leads	1 set (3 pcs)		
9040	Hanging strap with magnet	1 pc		
9052Ex	Ex USB Cable type A to type C (For Ex models only)	1 pc		
1310402101	Module removal screwdriver	1pc		
	ISO 17025 accredited calibration certificate	1 pc		

Optional Accessories			
Model number	Description		
ADT158Ex	Built-in digital pressure module (see ADT158Ex datasheet)		
ADT161Ex	External digital pressure module (see ADT161 datasheet)		
9060	Pressure module connection cable		
9906A	Hard carrying case for handheld instrument with accessories		
9918-SC	Soft carrying case, with space for handheld instrument, test leads, and accessories		
9530-BASIC	Additel/Acal Automated calibration software with asset management, basic version		
9530-NET	Additel/Acal Automated calibration software with asset management, network version, Includes server installation and 1 user license		

ADT158Ex pressure module - for use with ADT273Ex (bottom mount)
