## **Data Sheet**

## Single Output DC Power Supplies Models 1710A, 1711A, 1715A, 1730A & 1735A

Model 1730A

Model 1735A

The 1710A and 1730A series are high quality, general purpose DC power sources. They provide exceptional accuracy with dual analog displays and coarse and fine voltage and current controls (1710A coarse/fine voltage control only)

| Specifications           | 1710A  | 1711A             | 1715A                      | 1730A               | 1735A  |
|--------------------------|--|-------------------|----------------------------|---------------------|--|
| Output Voltage           | 0-30 V   | 0-60 V            | 0-60 V                     | 0-30 V              | 0-30 V                                       |
| Output Current           | 0-1 A  | A 0-2 A           |                            | 0-3 A               |  |
| Constant Voltage Oper    | ation  | 1                 |                            | 1                   |  |
| Voltage Regulation       | Line (120 VAC $\pm 10\%$ ) $< 0.01\% + 3 \text{ mV}$<br>Load (no load - full load) $< 0.01\% + 3 \text{ mV}$ |                   |                            |                     |  |
| Recovery Time            | <100 μs  |                   |                            |                     |  |
| Ripple & Noise           | <1 mV rms  |                   |                            |                     |  |
| Temperature Coefficient  | <300 ppm/°C  |                   |                            |                     |  |
| Constant Current Oper    | ation  |                   |                            |                     |  |
| Adjustable Current Range | 5% to 100%   |                   |                            |                     |  |
| Current Regulation       | Line (120 VAC $\pm 10\%$ ) <0.2% + 3 mA<br>Load <0.2% + 3 mA   |                   |                            |                     |  |

## **Features & Benefits**

- Continuously monitor voltage and current output on two analog meters
- Connect two supplies in parallel to double the current output
- Connect two supplies in series to double the voltage output
- Reliable, Durable
- Operate continuously at full load without overheating
- Fully overload protected
- Coarse and fine voltage controls
- Excellent regulation
- Very low ripple
- Constant voltage or constant current operation
- cUL certified
