

# QT-35S

## Solderless Breadboard, 350 Tie-Points

### Solderless Breadboards

Solderless socket and bus strips

Molded-in mounting holes

Vinyl backing prevents shorting

Phosphor bronze contacts

Accepts all components with leads up to .033 inches

### Overview:

The Global Specialties Quick Test (QT) solderless breadboards offer expandable, reusable breadboarding areas that bring ideas from conception to a working circuit quickly and conveniently. The QT series offers a versatile system that can be used for any kind of analog or digital circuit design or experiment. Global Specialties' unique molded tab and keyway construction allow for unlimited circuit size and molded-in mounting holes permit each socket to be mounted from either the front or rear of the socket. Each socket is made of high impact plastic and phosphor bronze contacts for the highest quality circuit connections. All QT breadboards come with a heavy-duty Mylar backing to prevent short circuits.

### Specifications

Type	Solderless breadboard
Tie-Points	350
Terminal Clips	70
Breadboard Material	ABS
Spring Clip Material	Nickel plated phosphor bronze
Length	4.1 in (104 mm)
Width	1.32 in (34 mm)
Depth	8 mm (0.33 in)
Assembly	NA
Current Capacity	1.5 A, 36 V
16-Pin IC capacity	5
